

Strategic Reflections Practice

1. *"How the hell am I supposed to remember what the hell happened, I totally blacked out."*

2. *"It's easy for you – you don't live my life, you don't live with my family, you have no clue what it's like for me."*

3. *"You try controlling my daughter, she won't listen to me."*

4. *"I don't have a problem getting along with people; other people have a problem with me."*

5. *"Weed helps me pay attention and I do better in school when I'm stoned."*

6. *"It's bullshit. What if I don't want to participate? I am not spending all my free time going to a bunch of stupid classes and working for free. I know all that stuff already."*

7. *"I don't know. Sure, I guess I'll get it done if you want me to."*

8. *"Of course I want to get a job, but I am not going to jump through all of those hoops. It's a waste of time and not going to help me get a real job that I actually want."*

9. *"I'm just stupid, period. That shit does not make sense. One teacher is terrible, doesn't know how to teach, but I never know what half the teachers are talking about anyway."*

10. *"Why can't you put him in detention, you know he is out of control. He's disrespectful and not following any of the rules at home and not doing any of his court stuff."*
